

SCALABILITY & FUTURE EVOLUTION ROADMAP

Team ID: SWTID-2026-3238 | Project Name: PocketSmart AI | Track: AI-ML & Generative AI

1. Multi-Phase Scalability Roadmap

- **Phase 1 (Short Term):** Integrate Redis caching for common room configurations and multi-currency support (USD, EUR, GBP).
- **Phase 2 (Medium Term):** Build cross-platform Flutter mobile applications for iOS and Android.
- **Phase 3 (Long Term):** Integrate live price-tracking WebSockets to alert users of retail price drops on recommended items.
